# A Message from Our CEO!

In our continuous effort to make knowledge and resources more accessible to everyone, we are excited to announce that MPL has removed the requirement of an identification document in order to obtain a library card. We believe that access to information is a fundamental right and should not be hindered by formal identification. This change is a stride towards inclusivity, ensuring that our library services are available to all members of our community, regardless of their circumstances.

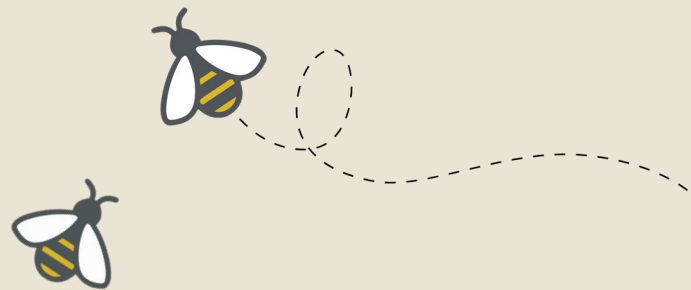

Our library is more than just a place for books; it is a vibrant community hub that celebrates the rich tapestry of cultures and perspectives that make up our society. This quarter, we are proud to present an array of programs designed to honor diversity and promote inclusion.

We invite you to explore these programs, and more, at our library. Your presence, stories, and perspectives are what make our library a rich and inclusive space.

Together, let's create a community, where everyone is welcomed, valued, and empowered.

Warm regards,

**Sarah Douglas-Murray**  
CEO & Chief Librarian
